Specifications are based on the latest product information available at the time of publication

Some features and/or applications may be late availability

Specifications and Prices are subject to change at any time without notice and do not bind the company in any way (March, 2023)

The values indicated for fuel consumption and CO2 emissions are measured by the manufacturer on pre-approval tests, according to the WLTP procedure (EU Regulation 2018/1832), and may be subject to modification depending upon the definitive homologation

Energy consumption may change according to the driver's driving style, weather and climate conditions of each country
